ABDUL MUKTADIR MIAH

SOFTWARE ENGINEER

PERSONAL PROFILE

A motivated young developer with a passion for software engineering who is eager to learn more about the field and the technologies involved. My involvement in multiple month-long projects and a summer internship experience as a software engineering intern have given me a variety of software development experiences.

WORK EXPERIENCES

JUN 2022 - AUG 2022
Software Engineer Intern
FinancialForce - Harrogate, England

- Gained insight into DevOps and how they maintain the software infrastructure of the whole organization.
- Created a script that automatically generates Jira user stories on the DevOps Support board when they get email alerts about security vulnerabilities.
- Exposure to different working environments while working with a feature crew.
- Pair-programmed and networked with multiple engineers and helped implement features.
- Participated in several code reviews, testing, daily standups, retrospectives and sprint reviews.

JUL 2021 - SEPT 2021
Information Technology Specialist
hap Solutions Group - Cardiff, Wales

- Involved in diagnosing faults with payment PED terminals.
- Installed several payment terminals, including two at the Graham plumbers' merchant and Five Guys.
- Cable management and troubleshooting PED terminals.

EDUCATION

SEPT 2020 - PRESENT
BSc Applied Software Engineering
Cardiff University - Cardiff, Wales
